Paul Duff  
Manager, Environmental and Energy Affairs  
Olin Corporation  
120 Long Ridge Road  
Stamford, CT 06904

RE: "Pine Swamp site"  
Hamden, Connecticut

Dear Mr. Duff:

The U.S. Environmental Protection Agency is currently investigating the possible sources and extent of hazardous waste contamination at the "Pine Swamp site" and surrounding areas. Pursuant to the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. §6927, and Section 104 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), 42 U.S.C. §9604, you are hereby required to furnish EPA with the information requested below within thirty (30) days of receipt of this letter. In answering this letter, the following definitions shall apply:

(a) The term "documents" refers to any kind of written, printed, typed, recorded and/or graphic matter, however produced or reproduced (including information stored in computers), of any kind or description, including, but not limited to, chemical analyses, memoranda, contracts, shipping documents, quality assurance/quality control memorandum and/or reports.

(b) The term "furnish" means turning over to EPA either originals or duplicate copies of the requested information in the possession, custody, and/or control of Olin Corporation. If such requested information is not in your possession, custody, or control, then indicate if known, where such information may be obtained.

(1) Please furnish EPA with a list of all chemicals that had been, or may have been disposed, by Olin Corporation, or any of its subsidiaries, at the "Pine Swamp site" during the time Olin Corporation has owned this property. Please provide the standard chemical names of these chemicals. Trade or production names will not be accepted. If information is not available on the chemicals or mixtures disposed, please classify them generically. Include a notarized affidavit to state this.

(2) Please furnish EPA with a volumetric ranking of all materials, chemicals, mixtures, solutions, or sludges disposed by Olin Corporation at the "Pine Swamp site." Again, if this information is not available, state this in a notarized affidavit.

You may, if you desire, assert a business confidentiality claim covering part or all of the information requested, in the manner described by 40 C.F.R. §2.203(b), 41 Fed. Reg. 36907 (September 1, 1976). If no such claim accompanies the information when it is received by EPA, it may be made available to the public by EPA without further notice to you. You should read the above-cited regulations carefully before asserting a business confidentiality claim, since certain categories of information are not properly subject to the claim.

Please forward the information requested above to:

U.S. Environmental Protection Agency  
Heather M. Ford, Chief  
Enforcement & Cost Recovery Section  
JFK Federal Building HWC 1907 (25)  
Boston, MA 02203

Thank you for your cooperation in this matter.

Sincerely,

Merrill S. Hohman, Director  
Waste Management Division
